A BRIEF RITUAL

How to Use *Your Cards*

These cards are small. Their work is large. Treat them as a daily practice rather than a one-time read — repetition is what reshapes belief into knowing.

✦ FIVE STEPS ✦

I

PRINT

Print this deck on heavyweight cardstock — 80–110 lb works beautifully. Use the highest quality setting your printer offers.

II

CUT

Trim each card along the corner guides with a paper trimmer or sharp craft knife. The cards meet edge-to-edge: one cut serves two cards.

III

SHUFFLE

Mix the deck. Let order fall away. The card that arrives is often the one most needed.

IV

DRAW

Pull a single card each morning. Set it where you will see it through the day — beside the coffee, on the bathroom mirror, inside your wallet.

V

SPEAK

Read the affirmation aloud three times. Once for the mind. Once for the heart. Once for the life it is becoming.
